And we are moving into a new global stage. A radically new world is taking shape from the ashes of yesterday's nation-based economic world. To succeed, you must act on the global stage, leveraging radically new drivers of economic power and growth. Legendary business strategist Kenichi Ohmae--who in *The Borderless World*, published in 1990, predicted the rise and success of globalization, coining the very word--synthesizes today's emerging trends into the first coherent view of tomorrow's global economy--and its implications for politics, business, and personal success. Ohmae explores the dynamics of the new 'region state,' tomorrow's most potent economic institution, and demonstrates how China is rapidly becoming the exemplar of this new economic paradigm. 312 pp. Englisch.
