Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Ethical Theory has felt the full force of recent scientific and philosophical agitation. The earlier systems have been subject to earnest and continued discussion. The severest tests available by the progress of knowledge have been applied to both their premises and their conclusions. New theories, based on changed conceptions of man and the world, have been variously elaborated, presenting greatly altered views of the whole phenomenon of morality. While not overthrowing old views these have given instructive suggestions. The ethical field has thus been largely re-surveyed, and whatever light modern science and speculation have furnished has been thrown upon this great and unceasingly important subject. In some respects the agitation has brought confusion and uncertainty. The clash of theories has been disturbing. But on the whole ethical philosophy has been the gainer. The discussions have certified the immovable foundations and essential features of the moral system. The fresh light from the advance of knowledge has proved, as it always does, not destructive, but corrective and confirmatory. The abiding truth has been shown and vindicated by the ordeal through which it has passed. This volume is largely the outcome of the author's many years of classroom lecturing on the subject. Its object is to furnish for students and general readers a compendious view of the ethical facts and principles as the author believes them to be established by the best accredited knowledge and thought of our times. There seems to be room for such a work. The method is believed to give proper recognition to both the empirical and metaphysical sides of the subject. Starting from the universal phenomenon of moral distinctions in life, it...
