Forgotten Books. Paperback. Condition: New. This item is printed on demand. 122 pages. Dimensions: 9.0in. x 6.0in. x 0.3in. Excerpt from **A New Policy for Labour: An Essay on the Relevance, of Credit Control** This book is meant to be a topical introduction to the ideas, economic and social, of Major C. H. Douglas. I have made no attempt to expound or even enumerate them, so that further information must be sought in his books, *Economic Democracy and Credit-Power and Democracy*, and in the *New Age*, where week by week they are discussed by Mr. A. R. Orage and other writers and by Major Douglas himself. All who are familiar with these writings will see how much I owe to them. After these I am most deeply indebted to Mr. Thorstein Veblen, who is much the most enlightening - and sometimes most entertaining - of American writers on economics and sociology. His work has been almost wholly analytical and critical, but is none the less valuable for that. Necessarily my treatment of many, perhaps most, points is very summary, but because I do not develop subtleties it should not be concluded that I am ignorant or unmindful of them. I have to thank several of my friends for criticism and advice. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
