Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.There is an old saying, God has a plan for us all. A reason we were put on this planet to fulfill, a question that we must find the answer to before we die. In 2012, the end times according to many, I was given my question to answer, One or Six? An odd question no doubt and with a seemingly simple answer. The journey to find that answer however was anything but simple and would change my life and hopefully yours, forever. This book is my journey, a true testimonial to answering the question that God himself had asked me and an answer that I have been instructed to share with you all. I was given a message to bring back to the world and the physical evidence that what I am about to tell you is absolutely real and actually happening now. For the first time in modern history, you will learn the truth about God and behind Satan. There is a hidden code in our english alpha numeric system that will explain everything from the modern clock, to the Mayan Calendar, to the double helix in DNA. This book will show you step for step, letter for letter and number for number that God is real, Lucifer is real, and the Antichrist is real. You will learn what the number 666 actually calculates to in plain view. A great lie has been told and it s time you heard the truth. In this book, I present to you, God, Lesson 1, written by The Man of Perdition, himself. One or Six? This is no gimmick, please read.
