Hume, in 109, has 38, and Johnson, in 87, has 21 which are not Saxon. In none of these writers do the words of classical origin amount to one-third, while in many they are less than one-tenth of the whole. MISCELLANEOUS. CHAPTER I. KNOWLEDGE IN WORDS. IVE have now traced to our own time the general history and development of the language, and have briefly indicated the great sources of its materials, the time of their introduction, and the classes of words so derived. But to enter fully into the study of a language, we must not only examine its general history, but accustom ourselves to ask each separate word from what parent stock it came; what circumstances led to its introduction; through what changes of form it has passed; what was its original meaning, and its...
