Zondervan. Paperback. Book Condition: new. BRAND NEW, Second Forgetting: Remembering the Power of the Gospel During Alzheimer's Disease, Benjamin T. Mast, Scotty Smith, Charles is 78 years old and there is much he cannot remember. He cannot remember the names of his children, why he lives in a nursing home, or even whether he ate breakfast today. His forgetting causes confusion, and in his fear and uncertainty he sometimes lashes out at those who try to care for him. But when someone reads a favorite Psalm he quickly joins in, reciting each cherished word. When he hears an old hymn of faith, his hand slowly raises and he breathes out each word quietly, his face reflecting a peace that passes all understanding. Alzheimer's disease has been described as the "defining disease" of the baby boomer generation. Millions of Americans will spend much of their retirement years either caring for a loved one with Alzheimer's disease or experiencing its effects on their lives firsthand. When a person is diagnosed with Alzheimer's, they face great uncertainty, knowing that they can expect to live their remaining years with increasing confusion and progressively greater reliance upon other people to care for them. As the disease advances it seems to overwhelm a person, narrowing their focus and leading them to forget critical truths about the Lord, their life with him, and his promises. Through the personal stories of those affected and the loved ones who care for them, Dr. Benjamin Mast highlights the power of the gospel for those suffering from Alzheimer's disease. Filled with helpful, up-to-date information, Dr. Mast answers common questions about the disease and its effect on personal identity and faith as he explores the biblical importance of remembering and God's commitment to not forget his people. In addition, he gives practical...
