Similarly. all kinds of parts of mathematics serve as tools for other parts and for other sciences. Applying a simple rewriting rule to the quote on the right above one finds such statcmalts as: One service topology has rendered mathematical physics . . . ; One service logic has rendered c0m- puter science . . . ; One service category theory has rendered mathematics . . . All arguably true. And all statements obtainable this way form part of the raison detre of this series. This series, Mathematics and Its Applications. started in 19n. Now that over one...
