

The Chemical News, Vol. 6: And Journal of Physical Science, with Which Is Incorporated the Chemical Gazette, a Journal of Practical Chemistry, in All Its Applications to Pharmacy, Arts, and Manufactures (Classic Reprint)

Filesize: 8.22 MB

Reviews

This pdf is wonderful. It really is written in simple terms instead of hard to understand. It's been developed in an exceedingly simple way and it is just after I finished reading this ebook in which in fact modified me, altered the way in my opinion.

(Ollie Powlowski)

Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *The Chemical News, Vol. 6: And Journal of Physical Science, With Which Is Incorporated the Chemical Gazette, A Journal of Practical Chemistry, in All Its Applications to Pharmacy, Arts, and Manufactures* The occurrence of a brilliant green line in some selenium residues, whilst examining them for tellurium, led me first to suspect the presence of a new metal. In March, 1861, I announced definitely that the green-line substance was decidedly a new element. The paper alluded to contained a sufficient number of the reactions of this body to enable me to prove chemically, as well as optically, that I was dealing with an element possessing well-defined characters. Pursuing the investigation, I was enabled in the following May, to give a further account of this body, and to propose for it the name of Thallium (symbol, Tl). In the same note I gave the localities and description of several minerals in which I had found the element, and also a method of extracting it from them in a pure state. Considering that I had sufficiently announced the discovery in these papers, which were republished in nearly every Chemical Journal in Europe, I turned my attention towards procuring a source of thallium which would enable me to prepare this body on the large scale, my experiments having hitherto been confined to mineralogical specimens, which I had difficulty in tracing to their source, and the whole amount of thallium which I had as yet obtained not exceeding three grains in weight. After some delay, Mr. Thornthwaite was good enough to supply me with a considerable quantity of crude sulphur distilled from Spanish copper pyrites. In this I...
