This book is a solid theoretical foundation in the Pearl River Delta on an empirical study of metropolitan academic monographs. Cities and urbanization in the history of study in the book proves that the city metropolitan area is associated with human settlement approach. In the process of urbanization from suburbanization to the second edge of the city center as well as the emergence of the city until the city built-up areas in the metropolis between the metropolitan area are fused to form agglomeration effect and the combined result of spillover effects. Metropolitan area of ??the Pearl River Delta through the study of the formation mechanism of the book by Hong Kong and Macao in the capital that foreign capital and technology-based aggregation effects and a lot of liquidity from the mainland population of the aggregation effect of the dual role of a high degree of industrialization and urbanization export-oriented coverage of the Pearl River Delta. Hong Kong and Macao beads metropolitan area is taking shape. China s urban coastal areas to...
