Springer. Hardcover. Condition: New. 319 pages. Dimensions: 9.3in. x 6.1in. x 1.2in. This volume contains the proceedings of IFIPTM 2009, the Third IFIP WG 11.11 International Conference on Trust Management, held at Purdue University in West Lafayette, Indiana, USA during June 15-19, 2009. IFIPTM 2009 provided a truly global platform for the reporting of research, development, policy and practice in the interdependent areas of privacy, security, and trust. Building on the traditions inherited from the highly successful iTrust conference series, the IFIPTM 2007 conference in Moncton, New Brunswick, Canada, and the IFIPTM 2008 conference in Trondheim, Norway, IFIPTM 2009 focused on trust, privacy and security from multidisciplinary perspectives. The conference is an arena for discussion about relevant problems from both research and practice in the areas of academia, business, and government. IFIPTM 2009 was an open IFIP conference. The program of the conference featured both theoretical research papers and reports of real-world case studies. IFIPTM 2009 received 44 submissions. The Program Committee selected 17 papers for presentation and inclusion in the proceedings. In addition, the program and the proceedings include one invited paper and five demo descriptions. The highlights of IFIPTM 2009 included invited talks and tutorials by academic and governmental experts in the fields of trust management, privacy and security, including Eugene Spaord, Marianne Winslett, and Michael Novak. Running an international conference requires an immense effort from all parties involved. We would like to thank the Program Committee members and external referees for having provided timely and in-depth reviews of the submitted papers. We would also like to thank the Workshop, Tutorial, Demonstration, Local Arrangements, and Website Chairs, for having provided great help in organizing the conference. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
