Xulon Press, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book is a foundational understanding of Prophetic Worship and a revelation on how that worship impacts the Kingdom of God now! BOOM! - Brent Engelman, Founder, Your Guide To Prophetic Worship This book is written by the leading of the Spirit and so it is not typical of any other. For the worshipper, this could be a manual or a guide on ways to get into the presence of God. God s ways are not our ways and not everything is explained in the Bible since God is still revealing Himself to mankind by showing us great and mighty things, which we do not know, to everyone who would ask. From Above Up has almost gone through some of the instruments of worship and uses stories to help you discover keys from Scripture to accessing the glory of God for yourself. Colours, bells, percussion, scarves and flags have significance in the courts of heaven and in this book we are told what they are. For people in worship ministries around the world who already know some of these things, this will be a revision. For everyone else this is an eye opener and insightful book to make worship significant and even enjoyable. Enjoy the aha moments as you go through this inspired book. Winnie Kuta-Dankwa is a Minister of the Gospel, a Public Speaker and a certified Performance Coach specialising in self-development and confidence coaching.
