JOHN BULL S ADVENTURES IN THE FISCAL WONDERLAND: AN ECONOMIC PARODY BASED ON LEWIS CARROLL S WONDERLAND

Everytype, Ireland, 2010. Paperback. Book Condition: New. Francis Carruthers Gould (illustrator). 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.John Bull is the personification of Great Britain (or at least of England). He was first created in 1712 by John Arbuthnot, and eventually became a common sight in British editorial cartoons of the 19th and early 20th centuries. John is a sort of British Everyman, endowed with common sense and good intentions, who likes a pint of beer. In his trip to the Fiscal Wonderland, John s frustrations with the bewildering nonsensicality of economic politics are made apparent by the author and illustrator. You don t need to be an expert in early twentieth-century British politics to enjoy John s adventures, though. The story s parody of Lewis Carroll s Wonderland books is still relevant and entertaining even a century later. Today s bankers and politicians seem not to have learned much from history. Regrettable as that is, at least Charles Geake and Francis Carruthers Gould can still make us laugh about it!.
