Reviews

It is great and fantastic. Better than ever, though I am quite late in starting reading this one. It has been written in an extremely simple way and is particularly only right after I finished reading this ebook where it actually changed me, affected the way I really believe.

Del Rey Books, Australia, 2003. Paperback. Condition: New. Language: English . Brand New Book. The crew of shipbred technicians sent to the planet Ireta were prepared for a routine mission to catalog flora and fauna and search for new energy sources. Kai and his beautiful coleader Varian, the best xenob-vet in the business, followed all the standard procedures, but the result of their investigations was totally unexpected. When their rescue ship mysteriously disappears, they suddenly find themselves surrounded by giant swamp creatures, deadly predators, and terrifying dinosaurs. And a curious change begins to come over many of the crew members--a mutinous change that will lead all of them, in one way or another, into the primitive darkness of a future world that holds many mysteries yet to be revealed. . . . So begins Anne McCaffrey s exciting adventures Dinosaur Planet and Dinosaur Planet Survivors--together in one thrilling volume for the first time!.
