CHANGE MAKERS: FOUR STORIES

Parlance. Paperback. Book Condition: New. Paperback. 252 pages. Dimensions: 8.0in. x 5.2in. x 0.6in.1940 - 2011 Up to her last days Carla B. Johnston worked on editing proofs of this book, leaving it as a legacy of how to make our communities and the world a better place. She hoped that the true stories in this book would encourage readers to become change makers, to join the ordinary people in this book who became extraordinary by getting involved in solving the problems of the worlds in which they lived. Carla believed that each of us can be a change maker, simply by talking with friends, engaging with our communities, working with the media and working with those that have the power to make things happen--our elected officials. Each of us can bring about meaningful, sustainable and lasting changes to improve our communities and the world. DESCRIPTION: Carla Brooks Johnstons memoir, Change Makers, tells true stories of significant public policy changes accomplished because ordinary people got involved. Most people complain about politics and do little to enable lasting change. We dont have a clue how to fix anything. So we elect people, toss them out, and picket more. Ordinary people at local levels do make local and national change when they understand how to make democracy work. These stories illustrate the art of people-power working with the media and with those already in political office who hold the power to make change happen. Four stories, with counterpoint comments from skeptics tell how this works. The first story tells how ordinary people set a fresh course for their decaying city--one that has now lasted over 40 years. The second story tells how state government leaders planned and implemented the actions needed to turn a huge bureaucracy from waste to tax cost savings...
