Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Draper Collection of Manuscripts Draper s notes, however, do not by any means all have the character of memoirs. He was a genuine historian, and there fore appreciated the difference in evidential value between recollections and contemporary records. It was his settled practice to examine all available records bearing upon his numerous special inquiries either before soliciting memoirs, in order to establish a foundation for his interviews, or after such interviews, by way of checking and supplementing the information they supplied. Thus Draper s notes, which fill a long series of volumes, are in large part transcripts, sum maries, or extracts from contemporaneous documents ex amined by him, such as printed accounts of important western men or historical episodes, letters, diaries, account books, sketch maps, reports - in a word, the types of material every true investigator accumulates when he designs to treat an im portant historical theme.
