paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 476 Publisher: Chemical Industry Press Pub. Date :2008-07. This book introduces the basic mold parts CNC machining knowledge and UGNX5.0 processing module of the application of basic knowledge. then highlight in UGNX5.0 processing module. the CNC machining of the mold parts for a variety of methods of operation and the corresponding parameters. including surface milling. cavity milling. contour milling contours. point processing. surface milling. wire cutting and other operations. Book highlight UGNX5.0 CNC machining operation methods and techniques at the same time. a lot of penetration of the plastic mold design. processing. use and materials expertise. In the first instance of each chapter analyzes the characteristics of mold parts to be processed and processing route. then explain the specific UG CNC machining operation. In this way. the reader in the choice of CNC machining parameters set. you can use for the mold parts and processing characteristics. a reasonable choice of processing parameters. processing parameters used to generate the selected processing procedure more practical. All instances of the book are the typical model used in the plastic mold parts. each instance has the detailed steps. This book can be used as mold design and manufacturing personnel to learn based on UGNX5.0 for CNC machining of plastic mold and improve the entry of books. materials can be molded as a tertiary and control engineering. mold design and manufacturing. mechanical design and manufacturing and automation professional student teaching or teaching reference books.
