Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from William Morris Some Thoughts Upon His Life: Work Influence The second number of The Craftsman will follow with a similar monograph upon John Ruskin, whose influence was an important factor in the artistic and ethical development of William Morris, as is evidenced by the letters written during the latter s student days at Oxford. The phase of Ruskin to be considered, is his attitude toward the great building-art of the Middle Ages, which grew out of an intense civic and co-operative spirit, whose pulsations were felt until the negations of the Renaissance period forever stilled and nullified them. The new subject will be another plea for an art developed by the people, for the pcopic, and in which the craftsman and the citizen shall be intimately allied.
