Reviews

Certainly, this is the greatest work by any author. It can be written in easy words and phrases rather than confusing. I am just happy to let you know that this is actually the greatest ebook we have studied inside my individual daily life and may be the greatest ebook for at any time.

What happens when a free-spirited artist from big-city New York collides with an uptight business owner from small-town Ocracoke Fireworks. The kind neither saw coming. A single call is all it takes to drive artist Ti Russo into what she does best. Run. But hey, lying low in a beach town for a while isn't so bad. Thanks to the distraction of playing consultant to a guy she's determined to crack, she can almost forget about the past stalking her back home. But she never counted on the real danger being a picket-fenced life she has no business falling for. Focus and self-preservation have gotten single dad Drew Anderson through the last nine years. With the threat of his shop's foreclosure jeopardizing his daughter's health care, the last thing he needs is a distracting hippie chick swooping in to shake up what he's fought to protect. Including himself. The bank's deadline adds enough pressure without re-risking feelings better left buried. But as sparks flare and secrets escalate, the race against time propels Ti and Drew into a choice neither's ready to make: Find the faith to surrender their past or forfeit their only chance to begin again. Download *Begin Again* and escape into a sparks-flying, opposites-attract contemporary clean romance full of small-town charm, broken characters, and deep undertones of grace that'll win your heart.
