Classic and contemporary selections stimulate discussion, encouraging students to discover new ideas and to view familiar ideas in new ways. The readings represent diverse ideas and genres; students will read essays, speeches, and short stories. Every selection is followed by questions to promote critical thinking and response about the reading and the theme, both to complement the readings and to support your instruction. * The 8th Edition introduces sweeping changes to the philosophy and details of MLA works cited entries. Responding to the increasing mobility of texts, MLA now encourages writers to focus on the process of crafting the citation, beginning with the same questions for any source. These changes, then, align with current best practices in the teaching of writing which privilege inquiry and critical thinking over rote recall and rule-following.
