Take a trip straight into the heart of one of humanity's biggest mysteries: the alien presence on Earth! Here are more than 40 true eyewitness accounts, many never-before published, that describe in detail personal encounters with alien beings and their craft, and how the experiencers' lives changed as a result. Every story is analyzed by a commentary that explores our involvement with alien beings - and why. Read about: Astonishing close encounters with craft that defy explanations Astounding face-to-face experiences with aliens, including abductions The hybrid human-alien presence on Earth Men In Black, missing time, time slips and crop circles The Road to Strange: UFOs, Aliens and High Strangeness is simply one of the best UFO books I've read in years. Michael Brein and Rosemary Ellen Guiley remain highly focused throughout on delivering readers into unvarnished, highly credible, firsthand witness and/or experiencer testimonies. Each one is followed by an appropriately thoughtful, insightful commentary, all of which reflect clear insights throughout. - Peter Robbins, author and UFO researcher All too often, UFO literature keeps the experts in control. Finally, here is a book that lets the witnesses describe their experiences, and more importantly, their feelings and how their lives were affected. This volume represents a promising new direction for paranormal study. - Greg Bishop, radio host and author, It Defies Language!.
