Manas Publications, New Delhi, 1998. Hardbound. Condition: New. Contents : Political Question is a delicate subject to deal with. There is thinner line which is drawn between the political wisdom of judiciary and executive. If that line is distorted, either there is anarchy or there is duplication of functions. The Book explains the delicacy involved between judiciary and the executive/legislature. Dr. Ambedkar in Constituent Assembly debate, mentioned that the emergency powers needed to be resorted to at the rarest occasion or as the rarest contingency. There are different opinions on the need and necessity of emergency powers in the constitution. There is criticism against the abuse of emergency powers and there are sufficient justifications explaining political compulsions. This book does not get into these controversies. But, it remains only as a spectator for understanding the issues and suggesting solutions. Various judicial decisions are quoted to explain the meaning and purpose of political question in the Indian Constitution. While examining these decisions and provisions there has been sufficient caution and concern so that the main focus of the book is not deviated. In India, this may be the first book to deal with such constitutional effect and it has given sufficient options to exercise preference to follow and implement in future. World constitutions are analysed empirically, so as to bring out the essence of constitutionalism, in the political question.
