

Understanding Society, Culture and Television (Paperback)

Filesize: 8.83 MB

Reviews

It is one of the best publications. It is definitely simplistic but exciting in the 50% of the ebook. I am very happy to let you know that this is basically the greatest publication I have ever gone through within my own existence and could be the greatest PDF for ever.

ABC-CLIO, United States, 2000. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.What is the real nature of television, and what is its place in contemporary society and culture? In a provocative rethinking of the medium and its ensuing effects, this book argues that we have misunderstood television and have thus contributed to a distorted view of art and culture in the 20th century. During the final quarter of this century both in academic and popular circles, we have spread wildly exaggerated claims about television's undermining of human consciousness and behavior. Television has become a scapegoat for all sorts of societal and cultural ills. The arguments presented by many researchers on behalf of the ill-effects of TV are fundamentally weak and flawed. On the eve of the 21st century, the claimed distinctions between high art and popular culture have become a final, hopeless repository of pedantry. Television can be understood only by viewing it as an art form, and measuring its role in society and culture in concert with the first principles of human reason and liberty.
