SYNTHETIC FUELS (PAPERBACK)

Dover Publications Inc., United States, 2006. Paperback Condition: New. Language: English . Brand New Book. This book, the outgrowth of a graduate course the authors taught at the Massachusetts Institute of Technology, was designed to fill an urgent need--the training of engineers in the production of synthetic fuels to replace dwindling supplies of natural ones. The authors presented synthetic fuels as a unified engineering subject, while recognizing that many of its principles are well-understood aspects of various engineering fields. The presentation..
