Createspace, United States, 2014. Paperback. Book Condition: New. 251 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.The ultimate learn-by-doing approachWritten for beginners, useful for experienced developers who want to sharpen their skills and don't mind covering some ground they already know. (Feel free to skip early chapters that cover elementary topics like alerts, variables, and strings). Step-by-step, you learn the fundamentals of JavaScript as well as some advanced concepts including constructors and prototypes.The book is extremely user-friendly. It assumes no programming experience. Chapters cover only as much as the average learner can absorb in ten minutes, so you're never asked to eat an elephant. Explanations are in plain, nontechnical English that people of all backgrounds can readily understand. With ample coding examples and illustrations.The most important part: free, online, interactive exercises paired with each chapter. Cognitive research shows that retention increases 400 percent when learners are challenged to retrieve the information they just read. You'll spend two to three times as long practicing as reading. When you code incorrectly, you'll get as many do-overs as you need, until you know it cold.Testing showed that books and courses load up the reader with far too much information at a time. So I divide up the information into little chunks that won't overwhelm you.A book on coding doesn't have to be written in impenetrable legalese. It can actually be human-readable. My book is.People often learn best through examples, so I provide plenty of them.Most important, before you have a chance to forget what you've read in the book, I ask you to fire up your desktop or laptop (not your mobile device) and head over to my website, where you run a set of interactive exercises, practicing everything you...
