

## Giant Vehicles

Filesize: 5.77 MB

### **Reviews**

*It is one of the best publications. It is definitely simplistic but exciting in the 50% of the ebook. I am very happy to let you know that this is basically the greatest publication I have ever gone through within my own existence and could be the greatest PDF for ever.*

Templar, 2014. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: A gallery of gargantuan delights guaranteed to leave young fans of mountainous machinery panting with pleasure. Kirkus Reviews Green and Biesty explore the biggest of the big in this oversize book devoted to vehicles. . Biesty's detailed colored-pencil illustrations demonstrate how each machine operates, with labels and captions explaining how various components work together. An informative and appealing resource for readers with a serious interest in what makes things go. Publishers Weekly The boardlike pages allow for lift-the-flap features, as many as seven per spread. Open the flap for a glimpse of what's inside as well as a brief caption commenting on it. Children intrigued by the subject will pore over the handsome illustrations intricately detailed pen-and-ink drawings with colored-pencil shading. An engaging, interactive learning experience. Booklist Each spreads across the double page in a realistic drawing with some cutaway views and additional small sketches among surrounding bits of labeled text describing physical and mechanical features. Four or five flaps are embedded in each scene, lifting to show some internal detail and a brief explanation. . Libraries might find it has appeal in browsing collections, and inventive teachers may find the size and weight comparisons useful. School Library Journal Each double-page spread illustration is surrounded by insets and details, along with heaps of effective, economical explanation and jaw-dropping facts and stats. Lift the flaps (many rather cleverly concealed and requiring sensitive fingers to ferret out initially) for a peek not only into the interiors of the vehicles (so that's where the engineer's toilet is on the supertrain) but also at the structural materials, such as aluminum ribbing on the Airbus fuselage. Bulletin of the Center for Children's Books.
