Now comes with Amibroker system code for all trading systems in the book, over 60 spreadsheets of historical data and free access to my full video course (RRP\$247) How to Beat Wall Street covers everything you need to get started trading in stocks, forex and commodities. This is the perfect book for someone looking for a solid overview of how to trade, from a seasoned professional trader. Plus. 20 powerful trading system ideas are introduced that anyone can use to trade in stocks on a variety of timeframes. Note from the author: When I first wrote this book in late 2013, I created 20 trading systems and I put them to the test on historical data between 2000 and 2010. The ideas were very well received and the results are shown in this book for all to see. Since then, I have fine-tuned the systems, updated them, and also come up with more than 10 other powerful strategy ideas. Rather than update this book I decided to package these strategies as part of a...
