The Science of Mindleading Special Issues focus on the new-thought-writer Wallace Delois Wattles. Three books in one: The Science of Being Rich, The Science of Being Well and The Science of Being Great. Read an excerpt from the third book The Science of Being Great: There is a Principle of Power in every person. By the intelligent use and direction of this principle, man can develop his own mental faculties. Man has an inherent power by which he may grow in whatsoever direction he pleases, and there does not appear to be any limit to the possibilities of his growth. No man has yet become so great in any faculty but that it is possible for some one else to become greater. The possibility is in the Original Substance from which man is made. Genius is Omniscience flowing into man. Genius is more than talent. Talent may merely be one faculty developed out of proportion to other faculties, but genius is the union of man and God in the acts of the soul. Great men are always greater...
