

Corporate Success Through Holistic Quality: Acquire the Quality Conscience (Paperback)

By Dr Brinda Seebharuth Sonah

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The book shows to readers that a Quality Conscience is needed in order to successfully implement quality and reap corporate success: This conscience takes you through a path of discovery which first stems from a realization of what is quality and its inherently natural presence in the universe, to an understanding of the direct impacts of quality on business success, together with an awareness of the very many things which are required in order to get the perfect working quality model. The universal realities are rightfully described by projecting an organization as an organizational entity which is alive and whose successful existence depends on non-visible forces and energies. It is through the cohesive mix of quality forces that we show the emergence of a true quality culture which is sustainable. In fact the book shows that the very essence and ability to replicate a culture of quality can become natural and require effortless organizational actions and behaviours if they are driven by a value based system. Projection into the energetic dimension serves to caution moves and actions which generate organizational...
