DOE: A BOOM FOR MULTI-RESPONSE OPTIMIZATION OF FSW

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | -A Guide for Effective Friction Stir Welding of Dissimilar Aluminium Alloys | Friction Stir Welding is a fairly recent technique that utilizes a non consumable rotating welding tool to generate frictional heat and plastic deformation at the welding location, affecting the formation of a joint while the material is in the solid state. The basic principle of FSW involves simultaneous application of pressure and relative motion, generally in a rotational mode, between..
