Deletrea. Paperback. Condition: New. 208 pages. Papaciencia is a useful guide for todays world in which parents must face new challenges and ever-changing roles: the new family reality. It is seen through the eyes of the father: a modern dad, one that is hands-on with the chores that before were split between mom and dad: changing diapers, giving advice, cooking, and working outside of the home. Felipe Viel understands that being a parent is an act of love and patience, and from the experiences raising his kids, he has gathered valuable lessons that he shares with knowledge, simplicity and a warm sense of humor. It is a book for parents interested in achieving an easy and flowing dialog and preparing their children for this fascinating world that they will be part of. This book is for: - Dads who have had to give up their sacred Happy Hour with friends for an evening of Happy Feet with their kids- Moms who wishes that husbands were more involved in the day-to-day upbringing- Parents who, in spite of being stressed and having fears about failure and changing roles, are willing to assume the challenges of raising children with honesty and love This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
