Vegan Publishers, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. Millennials, people between the ages of 15 and 34, make up nearly half of the current vegan population. Despite being dealt a bad deal by prior generations, this generation is increasingly able to see past all the ways our society indoctrinates us to use nonhuman animals. Millennial Vegan offers support to this important group by providing tips for advocacy, strategies for communicating with unsupportive peers, dealing with bullying and managing anger, advice on issues related to dating, and information on maintaining personal well-being. The movement for nonhuman animals depends on the support of millennials, and this guide will help this already aware group maximize their ability to be the best vegan advocates they can be.
