Trafford Publishing. Paperback. Book Condition: new. BRAND NEW, Over My Head, Debi Wagner, Through a terrifying experience I had in 1992, I became involved in a fight against a local airport expansion. What I learned about jet emissions caused me great alarm and pushed me deep into a battle with nearly every agency in my state. These local issues turned into national and international aviation watch organizations working to unravel what appears to me to be a cover-up by the industry. The outcome of many of these battles, some of which turned into major discovery processes is disturbing.
