2013. Hardcover. Book Condition: New. 352 ABOUT THE BOOKThe Indian economy has been through something of a roller-coaster ride since 2004. There was a period of boom in 2004. Then came the global crisis, a sharp deceleration in Indias growth rate and a waning of confidence about Indias economic prospects both at home and abroad.This collection of articles, written for The Economic Times and the Economic and Political Weekly, provides an intelligent and often off-beat- analysis of events in the Indian economy as well as the world economy over the period 2004-2012.As the financial sector has been at the heart of the crisis, the Indian banking sector as well as international banking come in for close scrutiny. The book also takes in its stride developments in the Indian polity, and a range of issues relating to management and governance. Written in the readable and hard-hitting style for which the author is well-known, the book is at once a chronicle and a critique of a turbulent period for the Indian economy as well as the global economy. About The Author:- T T Ram Mohan, professor of finance and economics at IIM Ahmedabad, graduated from IIT Bombay and IIM Calcutta, and obtained his doctorate from the Stern School of Business, New York University. He worked in consultancy and the financial sector before entering academics.Prof Ram Mohan has been New York Correspondent for The Economic Times and, for the past 15 years, has been writing a fortnightly column for the paper. Prof Ram Mohan specialises in the financial sector and the subject of privatisation. He has authored four books: The Big Picture: Reflections on our economic times; Privatisation in India: Challenging economic orthodoxy; Regulation of financial intermediaries in emerging markets (co-edited with Rupa Rege Nitsure); and Brick by Red Brick: Ravi Matthai and...
