Real Musical, 2016. paperback. Condition: New. This new edition of Félix Sierra s Lenguaje Musical covers the first volume of the second elementary level course. This new edition features a CD, as well as a higher number of exercises devoted to rhythm training and note reading. In this collection, many exercises take the form of a simple Piano accompaniment which seeks three main objectives: facilitate the study of pitch, help students to internalise harmonies as well as introduce them to other styles and forms of music. The accompanying CD helps to make the exercises that the student will play a fully realised musical work. Another new addition is the inclusion of an arrangement for school instruments and Piano of one song with each lesson. The Piano is in a simplified arrangement, so the teacher is merely a leader of the group rather than a main player. Songs and melodies for one or two voices with Piano Accompaniment, rhythm exercises, note reading, percussion, small works for Piano, basic music theory, musical games and an introduction to improvisation and composition are all features of the contents of this book. With harmony always in mind, Lenguaje Musical will help children discover the exciting world of music. 23 X 30 Cm. Lingua: spanish.
