Lulu.com, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Learn SAP Business Objects Dashboards the quick and easy way! This book shows you how to use Business Objects Dashboards and Flynet DataConnect to create graphically rich, interactive Business Intelligence Dashboards over any ODBC compliant database (not only SAP), with no programming needed. This beginners guide gives you details of using DataConnect in association with Dashboards, using lots of easy to follow examples and big, friendly screenshots, which will have you up and running, producing cool looking dashboards, over your existing systems, in a single day! No need for expensive courses or books that are large enough to use as a coffee table and take years to wade through. Paul s informal, amusing and example rich style of teaching is ideal for people who want quick results. All the examples used in the book are available for download from the companion web site and cover the use of data connectivity, all the common graphs, charts and controls plus publication of your dashboards on a web server.
