Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Professor Wall states in the preface of this volume that the elementary principles of the Latin language contained in this little book are sufficient to enable the student to read the Latin edition of the German pharmacopoeia, which is as much Latin as is necessary for the pharmaceutical or medical student. He might have added that it is far more than the average student of these professions ever acquires. The majority of pharmaceutical students and many medical students enter college with no training at all in Latin, and in the limited time which can be devoted to this subject in college a knowledge of only a small portion of the grammar can be gained, and the study of Latin is limited to those forms and principles which are absolutely essential to enable the student to understand Latin titles and prescriptions. Professor Wall's treatment of the subject is therefore much more complete than is found in the ordinary textbook on pharmaceutical Latin. The book is divided into three parts; Part I includes eighty pages and is devoted entirely to the forms and principles of grammar. The verb forms, active and passive, are given in full although all tenses of the indicative and subjunctive except the present are placed in an appendix. Many of the irregular verbs are also given and the uses of moods and of the verbal noun and adjective forms are explained. The declension of nouns, pronouns, and adjectives and the rules for their use receive liberal treatment and enough syntax is given to fully justify the author in his statement that knowledge of these principles will enable the student to read the Latin edition of...
