Brand New Book ***** Print on Demand *****.Excerpt from Gasoline Tractors: A Practical Presentation of Tractor Problems and Their Solution Development of Tractor Industry. According to a recent issue Of a directory of the industry one hundred and thirty-five different American manufacturers are building over two hundred models of tractors. This statement holds good only for the time at which it is written since both the number of manufacturers in the field and the number of models the Old and the new entrants are turning out are constantly on the increase. The use of tractors on large farms dates back almost half a century, but up to less than ten years ago they were all of the steam-driven type. Their first cost as well as the expense of maintenance made them practical only on very large farms where skilled labor is constantly employed. This bit of history is mentioned merely to emphasize the infancy of the industry as it now exists, a factor that makes it exceedingly difficult to classify the product Of all the manufacturers in the field and even harder for the prospective purchaser to make his selection of...
