## Really? Robots (Paperback)

By Susan Hayes

Scholastic US, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. These days, if you want to look something up, you just turn on your computer. But are you really getting all the information you need? Is it correct and up to date? Is there more information out there? There is! REALLY? ROBOTS presents cutting-edge information directly from people who are actually working in robotics. It reveals how the technology behind robots is developed, along with the theories, experiments, and new processes involved. Featuring interviews with amazing men and women, facts about the very latest humanoids, androids, and cyborgs in production, fantastic photography, and superb infographics, this book is filled with original and extraordinary facts that will have every child exclaiming, Really? WOW!.

### Reviews

*Here is the greatest publication i have study till now. I was able to comprehend every thing using this written e pdf. I am pleased to explain how here is the greatest pdf i have study within my own lifestyle and might be he best pdf for ever.*
