Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1894 Excerpt: .good cow s milk is also a cause. Early and copious use of alcohol, and intemperance; want of opportunity and stimulus for the development of their physical powers by young persons in town, the earlier occurrence of puberty, and greater frequency of youthful profligacy are among the etiological factors of stunted growth. The crowding of people in tenements, where breathing of effluvia over and over occurs, also the crowding together of pauper population in cellars and underground rooms, must act as fruitful causes of deformities and disease. Beddoe. + J. Milner Fothergill. X Dr. C. Chambers, Dietetics. \$ Fothergill; Dr. Chambers. 1 Darwin. Professor Donaldson. UQuetelet, On Man. These houses are often erected on land made of sweepings of streets, where the streets are narrow and filthy. The sewerage is often inadequate to the demands, and the contents of cesspools surcharge the porous earth. Wherever such...
