More that 5,000 years after they began planning for their voyage, the Mayan Minoan ship Atlantis returns to recolonize the world, after skipping the end in 2012. There s just one small problem. . we re still here! An Amatuer archeologist s outlandish theory of a Mayan exodus is spectacularly proven correct by the return of the 6-kilometer wide city/ship Atlantis. Working with his teenage daughter, they try to understand the sophisticated Mayan and Minoan cultures on board the giant ship, and help them to understand our world. Will Atlantis 5 millennia journey be brought to an abrupt end? Can the past and the present be united to save the future? Reviews. You did a ton of research. Makes...
