He had, after all, just gotten back from traveling through a picture to a world one million miles away. His morning s about to get a lot worse. Caval soon learns that someone s trying to kill him, he s gotten on the bad side of a sixteen-eyed personification of evil, and a crotchety old crone is messing with occult magic that could have deadly consequences. Oh, and there s a plot to overthrow his world. Caval has a few problems to solve. Luckily he has help, in the form of enchanted chalk, magical pictures, and a crack team involving a hunchbacked Cyclops, an out-of-practice witch, and an illegal stowaway with an extraordinary gift.
