Basically no phrases to clarify. It really is written in straightforward phrases rather than hard to understand. You will not sense monotony at any moment of your own time (that's what catalogues are for concerning if you ask me).

Ebury Publishing, United Kingdom, 2006. Paperback. Condition: New. Language: English . Brand New Book. Pop manager extraordinaire Simon Napier-Bell had had enough. He d had enough of pop groups. He d had enough of the constant grief at home with his two ex-boyfriends bickering and bleeding him dry; and most of all he d had enough of the music biz. But then he fell in love with a new passion - the Far East; and a dynamic new duo - George and Andrew - jointly called Wham! Soon, in an audacious attempt to have the best of both worlds, he found himself offering to arrange for Wham! to be the first ever Western pop group to play in communist China - a masterstroke of PR which, in one swift stroke, would make them one of the biggest groups in the world. What follows is an exciting, unpredictable and hilarious romp around the more curious corners of the world as Napier-Bell dives into the unknown, attempting to achieve the unachievable. We soon find ourselves in the company of a wonderful cast of petulant pop stars, shady international businessmen , and a hilarious confusion of spies, students and institutionalised officials and ministers as he edges ever closer to inadvertently becoming one of the first Westerners to break down the walls of communist China.
