This increase in performance and decrease in process variation lead to defect reduction and improvement in profits, employee morale, and quality of products or services. Many companies are now realizing the benefits of incorporating Six Sigma training for their employees. LEAN STARTUP Lean Startup provides a scientific approach to creating and managing startups and gets the desired product to customers hands faster. Too many startups begin with an idea for a product that they think people want. Then they spend months, sometimes years, perfecting that product without ever showing the product, even in a very rudimentary form, to the prospective customer. The Lean Startup method teaches you how to drive a startup - how to steer, when to turn, and when to persevere - and grow a business with maximum acceleration. LEAN...
