Belinda Nicoll, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In 2001, when a couple leaves South Africa for a stay abroad, they land at JFK International Airport on September 11th, unprepared for the sight of smoke billowing from the Manhattan skyline or the horror of a second plane exploding into the North Tower. Over the next ten years, as their host country confronts fundamental change of its own, their marriage buckles under the strain of their disparate experiences. With the international economic crisis making it all but impossible for them to return to their country, they relocate from California to the North, the South, and the Midwest searching for a place they can call home. Against the backdrop of uncertainties in post-apartheid South Africa, Belinda Nicoll unfolds a contemporary and thought-provoking account of post-9/11 America s tantalizing hopes and unexpected disappointments. Out of Sync is an insightful tale about marital endurance that promises to enthrall anyone, expatriate or not, who has ever felt at odds with themselves or the world.
