Reviews

Good e-book and helpful one. It can be written in basic phrases rather than confusing. I realized this ebook from my i and dad recommended this book to find out.

Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Children and Gardens Well do I remember the time when I thought there were two kinds of people in the world - children and grown-ups, - and that the world really belonged to the children. And I think it is because I have been more or less a gardener all my life that I still feel like a child in many ways, although from the number of years I have lived I ought to know that I am quite an Old woman. But I can still - when no one is looking climb over a five-barred gate or jump a ditch; but then I was always strong and active in my limbs, and in many ways more like a boy than a girl. This was no doubt because my place in the family came in the middle of four boys; two brothers Older and two younger. I had no girl companions, for my only sister was seven years Older, so that we were not much together. It was therefore natural that I should be more Of a boy than a girl in my ideas and activities, delighting to go Up trees, and to play cricket, and take wasps nests after dark, and do dreadful deeds with gunpowder and all the boy sort of things. But when my brothers went to school I had to find my own amusements. There was a dear old pony Toby and the dog Crim, and we three used to wander away into the woods and heaths and along all the little lanes and by-paths Of our beautiful country. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at...
