Infused with personal life experiences, failures, and successes, You Can Win in Life is a book that illustrates the power of change and reinforces that never quit, don't give up attitude. It is a book written to encourage others to realize there is hope even when it seems to be the end of the road. It will be a launching pad for many to change their direction in life and to move up to higher levels of personal fulfillment. The author tells a story in a way to encourage readers to see that if he can do it anyone can. This book is for anyone interested in breaking the chains of inaction and getting out of life's rut. It is both instructional and inspiring. There are seven days in a week and neither is SomeDay . The best time to start is now! Success is not a matter of what you have acquired, but the adversities you've gone through without giving up. Formal education will make you a living, Self education will make you a FORTUNE! People say money won't make you happy, well I know not having it didn't make me happy either. The Creator said He pray above all that we prosper, be in health, even as our soul prospers. Soul prospering is developing SELF. Most people don't even give life a try, I mean really go after the very best life can offer. It's start with developing yourself.
