Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Connecticut River: And the Valley of the Connecticut, Three Hundred and Fifty Miles From Mountain to Sea The story of the Connecticut River and the Valley of the Connecticut is so mingled with the history of the country, and particularly of the formative periods, that in the proper telling of it much of history must also be related. Accordingly in the following pages there will be found blended with descriptions of the longest river in New England and one of the fairest valleys in the country, narrations of Indian and colonial wars; of the establishment or evolution of democratic government; of the pioneer development of internal improvements and of industries; of the planting and upbuilding of many and varied institutions of learning, colleges, academies, and schools, for higher education - more than on any other river in the world - and withal of the growth and unfolding of the genuine American character. In the study of my subject, besides consulting the various histories, colonial, state, county, and town, bearing upon it, historical monographs, family papers, diaries, and contemporary narrative, I have gone, so far as they were accessible, to original authorities. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
