

## Light: A Radiant History from Creation to the Quantum Age

Filesize: 6.53 MB

### **Reviews**

*It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*(Camille Larson)*

## LIGHT: A RADIANT HISTORY FROM CREATION TO THE QUANTUM AGE

Audible Studios on Brilliance, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Light begins at Stonehenge, where crowds cheer a solstice sunrise. After sampling myths explaining First Light, the story moves on to early philosophers queries, then through the centuries, from Buddhist temples to Biblical scripture, when light was the soul of the divine. Battling darkness and despair, Gothic architects crafted radiant cathedrals while Dante dreamed a heaven of pure light. Later, following Leonardo s advice, Renaissance artists learned to capture light on canvas. During the Scientific Revolution, Galileo gathered light in his telescope, Descartes measured the rainbow, and Newton used prisms to solidify the science of optics. But even after Newton, light was an enigma. Particle or wave? Did it flow through an invisible ether ? Through the age of Edison and into the age of lasers, Light reveals how light sparked new wonders - relativity, quantum electrodynamics, fiber optics, and more. Although lasers now perform everyday miracles, light retains its eternal allure. For the rest of my life, Einstein said, I will reflect on what light is. Light explores and celebrates such curiosity.
