Robin Brass Studio, Inc., 1999. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: In the autumn of 1813, two American armies invaded Canada, determined to capture Montreal. Written by a leading scholar of the War of 1812, *Field of Glory* is the first book-length study of this military operation -- the largest mounted by the United States prior to the Civil War -- and relates the story of the 1813 St. Lawrence campaign, its origins in Washington, the plans and preparations of both sides, and the course of events. The centerpiece is the six chapters that recount in detail the hard-fought battles at Chateauguay on 26 October and at Crysler's Farm on 11 November 1813 where the invasion was halted. *Field of Glory* is the story of a dark and forgotten chapter in the history of the United States Army. Led by incompetent and self-serving generals, desperately short of all the necessities of war and hampered by illness and weather, the invading forces, strong only in numbers and courage, were defeated by well-trained regulars. From the lessons learned in this debacle, the U.S. Army went on to victory the following summer, as the author has recounted in his critically acclaimed study of the bloody 1814 battle of Lundy's Lane, *Where Right and Glory Lead!* Readers interested in American military history will enjoy Graves's polished text, dramatic yet impeccable in its scholarship. The author never loses sight of the importance of the individual, and *Field of Glory* is studded with a cast of colourful characters -- soldiers and civilians, men and women, Americans, Britons, Canadians and natives, heroes and scoundrels -- who play out their roles in one of the most stirring periods in North American history. The very readable text by an author who has been called...
