

## Violin Making, 2nd Edn Rev and Exp (Paperback)

By Bruce Ossman

Fox Chapel Publishing, United States, 2009. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. Utilising fewer tools, this manual makes the violinmaking process easy for the everyday crafter. Using step-by-step instructions and hundreds of detailed drawings and colour photographs, the obscure language and unfamiliar techniques of instrument-making are given a populist overhaul in this newly revised and expanded resource. Requiring only basic tools and everyday woods, aspiring luthiers can begin each new project with full-size component cut-outs, which are included for each instrument piece. An inspiring full-colour gallery of violins made by other amateur crafters is also included. From cutting and shaping each piece to assembly and performance, the theory that only elite crafters can make wood instruments is debunked.
